

THE SLOVAK MASTERS CROSS - COUNTRY SKI ASSOCIATION

Slovak masters report 2017/18

We planned six Slovak Cup races in the season 2017/18. All six races took place, two of them were Slovak Championship races and the rest were Slovak Cup races. The top four are rated in the Slovak Cup. A total of 100 athletes took part, of which 21 were women. We have registered 259 starts.

In total we rate races in 3 categories for women and in 5 categories for men.

Total 9 racers participated on the MWC in Minneapolis. We managed to win one silver medals and two bronze medals, which made us very pleased as these have been the first silver in relay ever in the history of our participation on MWC.
