

## MASTERS ITALIA ANNUAL REPORT 2022 – 2023

### MASTERS WORLD CUP

Great satisfaction for the Italy team in the 2023 edition in Seefeld: of the 58 participating Italian athletes, 32 reached the podium.

Italy took second place in the medal table with 21 gold, 17 silver, 18 bronze (56 medals).

Since the Winter Master Game will take place in Italy in 2024, we will therefore have a reduced number of participants at the Vuokatti MWC. Currently we expect that around 20 Italian athletes will participate.

### ITALIAN RACES

All the races on the 2022-2023 national calendar took place regularly despite the lack of snow on the Italian slopes.

The Italian Master Cup 2022-2023 was made up of 11 races: 3 skiroll and 8 cross-country skiing (5 Italian championship races). They took part 355 athletes, divided into categories as per the following table:

As promised, the FISU allocated a budget, which allowed the purchase of 33 pairs of top model MADSHUS skis to reward all the top 3 finishers in the 11 categories. We hope that, as promised, this will also happen for next season.

The Italian master cup 23-24 includes 3 skiroll races (Lazzate; Bobbio Penice – Italian Master Championship Climb; Monte Bondone) and the following 10 cross-country ski races:
