

ANNUAL REPORT OF THE NETHERLANDS 2025/2026

In January this year we had snow in the Netherlands for a week!

The Dutch Championchips took as in 2025 place in Ramsau am Dachstein in Austria in January with races of 7,5, 10 km and 30 km classic and free style. The snow conditions were good this year. Many masters women and men participated in these races. There were 4 master age categories.

At the end of November there was (as every year) a week cross-country training in Livigno (Italy). Most of the participants of this week (as on the Dutch Championchips) are master cross-country skiers.

Dutch masters participated also in cross country marathons: Vasaloppet, Engadiner. And 7 masters took part on the Nordenskiöldsløppet.

Dutch cross country skiers are training on rollerski the whole year; they also went a few times for a snow training to the Snowhall in Oberhof in Germany.

In the Netherlands we have a competition that is called the Holland Cup (HCN). This is a competition of 10 races: rollerski, biathlon, and races in the snow (Dutch Championchip in Ramsau). Dutch masters participated in this competition.

Also there were organized a few rollerski tour of about 20, 30 and 50 km.

We had 7 Dutch masters who registrated for the MWC in Sappada. And this year it was as in 2025 again successful for the Netherlands: 3 medals.

Gezina Perkaan,
National Director for the Netherlands
